

miss Latina US™

An Official National Preliminary To Miss America Latina

## 2006 DELEGATE SPONSORSHIP

**You are invited to support your delegate to the 2006 Miss Latina US™ Pageant and increase your goodwill within the Latino community.**

Your generous contribution will help defray her costs of participation, consisting of airfare, hotel, competition wardrobe and registration fee to cover, meals and activities at the pageant site. At the same time, you will be assisting in her personal growth and development through this valuable lifetime and cultural awareness experience.

### MISSION STATEMENT

The Miss Latin America Organization is dedicated to showcasing young women of Latina and Hispanic ancestry in the U.S. who aspire to personal growth and development in their lives. Pride in their ethnicity is also encouraged to promote cultural diversity and foster greater understanding and goodwill between the U.S. and its Latin American neighbors.

Along with our state delegates, participation of "national origin" delegates highlights the diversity of nationalities that comprise the vast Latino population residing in the United States, in addition to their presence across the entire country through the state representations.

We invite your support of our youth in discovering and embracing their rich cultural heritage, as we all strive for a better and more united world.
